

# Create a YouTube channel

Beginner

**YouTube is an online video sharing and social media platform. This course will help you learn how to create a YouTube channel that allows you to have an active presence on YouTube. By the end of the course you will be able to like videos, subscribe to your favorite YouTube channels as well as upload your own videos to your personal channel.**

**Login - Sign In**

## **STEP 1: Create a YouTube account**

To create a YouTube account, you must sign in at <https://www.youtube.com/> with your Google account. If you already have a Google Account, use this email address and password to sign in.

If you don't already have a Google account, you can create one directly through YouTube. Go to <https://www.youtube.com/>, then click Sign In, then click Create Account. You will be asked to fill in your details, create an email address and password.

Once you create a YouTube account and log in, you can do a lot. You can like or dislike a video. You can also share the video with others and subscribe to your favorite channels

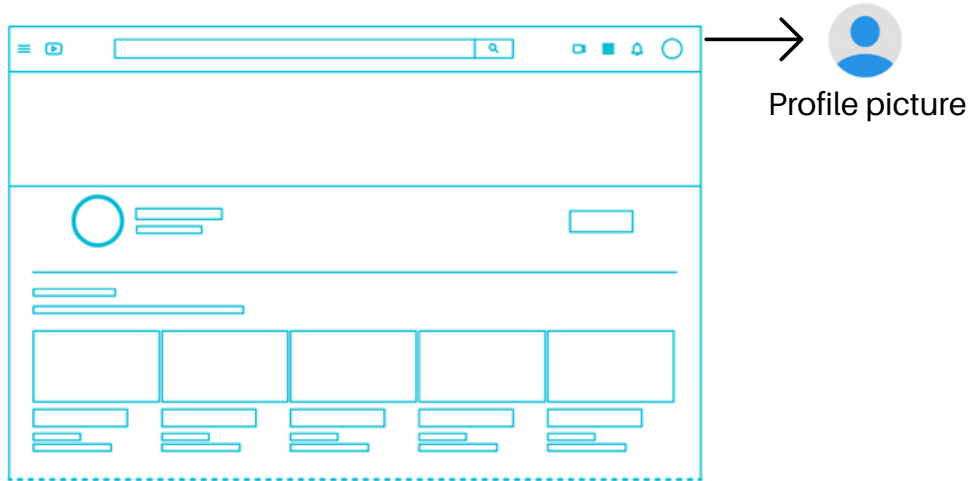

**SUBSCRIBE**

## STEP 2: Create a YouTube channel

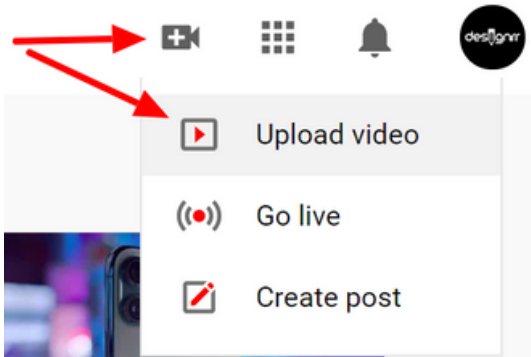

After logging in to YouTube, you can also create a YouTube channel.

To create a YouTube channel, click your profile picture, then click Create Channel. Then check the details: Google Name and Photo and confirm the creation of a channel.

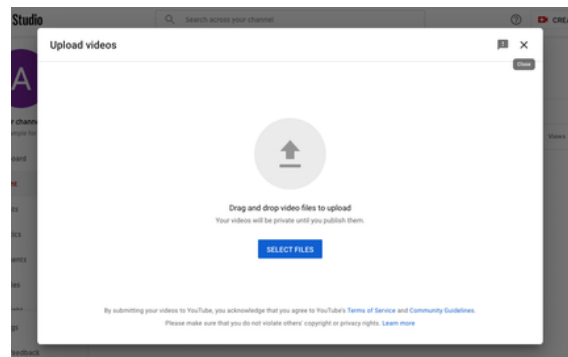

After creating a YouTube channel, you will be able to upload your own videos, post a comment on YouTube and create your own playlist.
